Certificate of Appreciation (Security Bounty Recognition)

This certificate is proudly presented to **Satyam Pandey** (Satya Technologies), in recognition of his contribution in identifying and responsibly disclosing critical security vulnerability in our mobile application - "Brute-Forceable OTP Login Vulnerability"

Your efforts in highlighting these issues have been instrumental in strengthening the security of our platform and protecting our users. We deeply value your expertise, dedication, and ethical approach towards improving the safety of the ecosystem.

As a token of our gratitude, we extend this Certificate of appreciation along with a cash reward (bounty) for your valuable contribution.
